Summer Sermon Series: The Disciples “Who were these guys?”

PREACHING SERIES – THE 12 DISCIPLES

In stained glass, the apostles are elevated and made to seem just below Jesus. Such placement is that these are religiously ascended Christian masters – the cream of the crop. In reality, that is nowhere near the truth. They were simple, ordinary men – a motley crew. Not one of them is renowned for scholarship; not one of them is renowned for erudition; none of them had a track record as an orator or some kind of theologian. They possessed no particular natural talents. They were prone to mistakes, misjudgments, and misunderstandings. They had faults, character flaws, and yet they carried on a ministry after Jesus ascended into heaven that totally turned the world upside down.

And their ministry is still going on today. We are their legacy. And those to whom we minister will be our legacy. Jesus called each of them just as he calls us; and through us, Jesus will call a new generation.

So, come and participate in this 9-part series as we learn about the disciples and learn about ourselves.

America's Sacred Music: Shape-note Singing

To mark Independence Day on July 5th, worship music will highlight shape-note singing. Shape-note singing is a distinctively American sacred music tradition that emerged from early singing schools, where differently shaped noteheads helped singers learn to read music more easily. Closely associated with The Sacred Harp and other tunebooks, the tradition emphasizes robust, participatory, a cappella singing in four-part harmony rather than polished concert performance. Rooted in Protestant hymnody and especially strong in the rural South, shape-note singing remains a living communal practice that preserves early American musical styles while continuing to welcome new generations of singers.

FELLOWSHIP

Men's Fellowship - Special Invitation

Men from the congregation who are not already regular Fellowship attenders are especially encouraged to attend the group's July gathering.

It will be held the evening of Thursday July 16 at Bob Stine's home: 6:30 PM, Wynstone, North Barrington. Dinner and beverages will be provided (no cost).

Each month on the third Thursday (Jan. to Nov.), there's a gathering. Beyond a few quick announcements, there's no 'agenda' - just good times with church friends.

Even with this focus, Men's Fellowship has promoted much for the betterment of our church and its mission. A few examples:

- When Ross Bogue had his idea for a 5K charity benefit race, it was our group he presented it to and which began the process that led to this impactful annual event.
- Newer church members have gained solid relationships with others, becoming more involved in the life of the church. Friends brought as guests have joined PCB.
- The group and its members have provided meaningful support for others in need.

For July 16, please RSVP to host Bob Stine at robert.stine@hotmail.com and group leader Dr. Tom Long at tomclong@yahoo.com.

Questions or non-email RSVPs can be directed to Bob at 773-575-5200.

MISSION

In late-May, three of our fellow congregants who are weekly volunteers at the FISH food pantry in Carpentersville, attended the annual meeting and volunteer recognition event for the Pantry. At the event, important information was provided about the FISH operation that we have been supporting monetarily and through service for years. The Mission Committee wants to share the highlights from that information which give a snapshot of how our funding and service are part of an organization which truly does address with love a great need in our neighborhood.

FISH identifies those it serves as “neighbors.” In 2023, there were 12,069 pantry visits by those neighbors. In 2024, the number increased to 14,217 and again in 2025 to 15,739. This means in 2025, individuals and families in need left the pantry with essential food – meat, vegetables, dairy, bread, canned goods, prepared food, as well as toiletries, and other essentials – more than 15,000 times.

In monetary terms, the food distributed in 2025 had a dollar value of \$2.2 million dollars. It came from participation by FISH in the “Direct Connect” program of the Northern Illinois Food Bank; food donations from local supermarkets including Walmart, Jewel, Aldi and others; and the federal “Emergency Food Program.” Doing the math, this means that each food basket leaving the pantry averaged somewhat more than \$150 in food value. Despite its size and administratively complex operation, FISH is an entirely volunteer run organization. There are no paid employees. In 2025, its “operating expenses” for rent, equipment, utilities, insurance, accounting etc. were only \$128,000. This means that what we donate really goes to serve those in need.

FISH does have challenges of course. In 2025, it received \$408,000 in monetary donations. Through our mission budget (\$4,000) and from the 5K proceeds (\$4,000) we contributed \$8,000. However, in 2026, the federal government has chosen to terminate the “Emergency Food Program” which amounted to contribution of food products with a value exceeding \$500,000. Therefore, in order to provide a comparable level of service to its neighbors, FISH will need to find additional funding sources.

We hope this information shines some light on why we support FISH and why we will continue to do so.

MISSION

On Saturday, May 30th the Presbyterian Church of Barrington hosted our fifth annual Run the Hills 5k event. This year the event was renamed from “Run the Hills” to “Ross Bogue Memorial Run the Hills” to honor event founder and dear friend to many Ross Bogue. The event promotes Presbyterian Church of Barrington in the community, attracts new members and puts Christ’s message of helping those less fortunate into action.

As is the case each year, event totals surpassed previous records. We had 365 walker/runner sign-ups representing a 47% increase over last year’s record total of 248. Net proceeds for worthy beneficiaries were up 71% over previous year for a total of \$39,270.95. Five-year distributions over the lifetime of the event now exceed \$123,000.

How did this tremendous success happen? Tom Hilgendorf gathered eight family members to sign up. Church members told their friends, family and neighbors about the event. Even people not affiliated with our church took notice and volunteered to help. We’ve accomplished a lot by the entire congregation working together to spread the word.

Take a moment and congratulate your fellow congregants on a job well done and then help keep the great momentum heading into next year! Please check barrington5k.org for the latest updates.

7. "You have to love a nation that celebrates its independence every July 4th, not with a parade of guns, tanks, and soldiers who file by the White House in a show of strength and muscle, but with family picnics where kids throw Frisbees, the potato salad gets iffy, and the flies die from happiness." -- Erma Bombeck
8. "There is nothing wrong with America that cannot be cured with what is right in America." -- William J. Clinton
9. "The American flag represents all of us and all the values we hold sacred." -- Adrian Cronauer
10. "Only in America can someone start with nothing and achieve the American Dream. That's the greatness of this country." -- Rafael Cruz

13. "I want to see young people in America feel the spirit of the 1960s and find a way to get in the way. To find a way to get in trouble. Good trouble, necessary trouble." -- John Lewis
